## About ABCO...

For over forty years ABCO has proven a commitment to excellence in contract manufacturing and development of enhanced formulas for the food and nutritional industries. Critically aware of both the industry's and our customer's needs for confidentiality, ethics and reliability, ABCO has maintained a leading edge by building trustworthy partnerships. We offer a comprehensive support system beginning with an extensive research and development team. ABCO maintains two fully equipped laboratories, a separate test kitchen, and a full analytical service department staffed with experienced technical personnel which includes; Chemists, Chemical Engineers, Food Technologists and Home Economists. Let our experienced team of scientists improve your products and turn your vision into a reality! Our separate Quality Assurance Laboratory consists of licensed professional Chemists, Microbiologists and Technicians to ensure strict adherence to current quality manufacturing standards. Our OTC drug license underscores ABCO's dedication to growth and advancement. ABCO is proud to offer fast turnaround times for domestic as well as international markets. Each order is proprietary and specially mixed or blended to complete customer satisfaction - GUARANTEED! ABCO's modern 125,000 square foot manufacturing facility is completely turnkey operational for timely turnaround and full service. Utilizing the latest technological equipment and innovations for custom blending and private labeling, we deliver superior products and service. The facility is regulated with our own stringent quality standards and is in compliance with both Federal and State Food and Drug Administrations. Our equipment is exclusively stainless steel which includes cleaning, sterilizing, grinding, blending, herbal extractions, powder and liquid mixing, spray drying and freeze drying.

*Don't Feel overwhelmed.  
ABCO Laboratories and its Analytical Microbiological Lab stand ready to help!*

### Comprehensive Services

For over forty years, ABCO Laboratories has been providing the food and nutritional industries with custom manufacturing, product development assistance, processing techniques, and technical solutions. Technical support and solutions are our specialty. Now, ABCO is positioned to provide an even broader array of accurate, timely, high quality food and nutritional analytical support services.

ABCO's certified lab operates under strict GMP's and is continually inspected by both State and Federal Food and Drug Administrations.

AMINO ACID PROFILE

#### MISCELLANEOUS

HPLC ANALYSIS (call for assays available)  
(i.e., Melatonin, DHEA, Capsaicin, Preservatives)  
GC ANALYSIS (call for assays available)  
(i.e., Alcohols, Hydrocarbons)  
GC/MS ANALYSIS (call for assays available)  
(i.e., Volatiles, Impurities, Adulterants, Flavors)  
PLANT DRUG ANALYSIS (HPLC-GC/MS)

#### MICROBIOLOGY

TPC AEROBIC BACTERIA  
TOTAL COLIFORM (Petrifilm)  
TOTAL ECOLI (Petrifilm)  
YEAST & MOLD (Petrifilm)  
FULL PANEL  
YEAST & MOLD (iso-grid)  
GRAM STAIN  
STANDARD PLATE COUNT  
RAPID-ONE ID SYSTEM

SALMONELLA (ELISA)  
STAPH (ELISA)  
PSEUDOMONAS (ELISA)  
E. COLI 0157 (ELISA)  
LISTERIA (VIP)  
PSEUDOMONAS (iso-grid)  
SIM PLATE (TPC)  
SIM PLATE (E. Coli)  
RAPID YEAST PLUS SYSTEM

#### MISCELLANEOUS MICRO TESTS

WATER ACTIVITY  
WATER ANALYSIS - MICRO  
(Includes Coliform and E.Coli)

### MANUFACTURING ABILITIES:

**WAREHOUSE SPACE 125,000 SQUARE FEET**  
Distribution and Warehousing Available

**WEIGH-OUT DEPARTMENT**  
Full Service Weigh-Out Department

**BLENDED DEPARTMENT (NUTRITIONAL)**  
Full Service Batch Blending for all Nutritional Blends

**ENCAPSULATION**  
Automatic and Semi-Automatic Encapsulation  
Equipment of Capsule Sizes #1,2,3,0, and 00 Capsules

**COMPRESSION TABLET COATING**  
Automatic Tablet Presses

**PACKAGING LINES**  
Automatic Tablet and Capsule Filling Lines  
Automatic Powder Filling Line (Cans & Jars)  
Automatic Liquid Filling Line (Nutritionals, Liquids, Creams, Lotions, and Homeopathics)  
Automatic Tube Filling Lines

**PACKET FILLING EQUIPMENT**  
Full Service Packet Filling Equipment  
Full Service Bag Filling Equipment

**BLENDED (FOODS & SPICE BLENDS)**  
Full Service Batch Blending

**GRINDING**  
Full Service Grinding for all Spices and Herbs

**LIQUID MANUFACTURING**  
Full Service Batch Blending for Liquids, Creams, Lotions, Gels, and Homeopathics

**QUALITY CONTROL AND ANALYTICAL SERVICES**  
Full Service Quality Control Checks  
Full Service Analytical Testing  
Full Service Microbiological Testing
